

Meet ENGin

ENGin is a global nonprofit advancing social and economic development in Ukraine by building a critical mass of globally connected, English-fluent citizens. Our innovative online program has connected over 61,000 Ukrainians and volunteers around the world through weekly English conversation and mentorship. Designed to be scalable and replicable, our approach offers a powerful template for emerging democracies to accelerate growth through flexible, low-cost investments in human capital.

In Their Own Words

"Through the ENGin program, I had the privilege of meeting my volunteer, Nancy from Colorado. Her guidance and support were invaluable. Your program not only enhanced my language skills but also served as a source of strength during the toughest moments. I am filled with appreciation for the impact ENGin has had on my life."

- Ievgeniia, ENGin student

"I have been meeting with my buddy for 1 year. We have both chosen to continue because of the strong friendship that has developed. In one short year, our relationship has evolved from [tutoring] to two old friends who seem like we have known each other for 30 years."

- Andrew, ENGin Volunteer

The Power of Connection

- **English fluency:** Maximum speaking time in a safe, comfortable environment builds confidence and leads to rapid improvement in spoken English
- **Academic and professional mentorship:** Students are matched with volunteers who share similar interests, opening opportunities for deeper targeted support
- **Cultural exchange:** Volunteers from 140+ countries share their cultures while learning about their student's heritage
- **Friendship and emotional support:** Having a friend across the world - ready to listen, to empathize, and care - creates a safe virtual space for participants
