

Helping Ukraine Speak to the World

What is ENGin?

ENGin is a nonprofit organization changing the world one conversation at a time. We connect English-speaking volunteers age 14+ with motivated young Ukrainians aged 9-35 for online speaking practice and cross-cultural exchange.

Our one-of-a-kind model is human-centered, personalized, and authentic. Through 1-on-1 conversation, we facilitate mutually beneficial relationships between students and volunteers, creating a virtuous cycle of growth and understanding. And by doing this at an unprecedented scale - 40,000 participants and counting - we're bridging cultures and fostering a more interconnected, empathetic world.

In Their Own Words

"Through the ENGin program, I had the privilege of meeting my volunteer, Nancy from Colorado. Her guidance and support were invaluable, especially during the challenging times of war. Your program not only enhanced my language skills but also served as a source of strength during the toughest moments. I am filled with appreciation for the impact ENGin has had on my life."

- levgeniia, ENGin student

"I have learned far more from Sasha than she has learned from me. She will not let a lack of electricity, hours in a fallout shelter, or even the flu, stop her from talking with me weekly."

- Donna, ENGin volunteer

The Power of a 1-on-1 Connection

- **English Fluency:** Maximum speaking time in a safe, comfortable environment builds confidence and leads to rapid improvement in spoken English
- **Academic and professional mentorship:** Students are matched with volunteers who share similar interests, opening opportunities for deeper targeted support
- **Cultural Exchange:** Volunteers from 130+ nations introduce students to their cultures while learning about Ukraine
- **Friendship and emotional support:** Having a friend across the world - ready to listen, to empathize, and care - creates a safe space in the chaos of war
